Lógica Nov: Robots y Naves

A hand-drawn diagram of a grid. The grid is composed of several rows and columns. A small section of the grid on the left is highlighted with a red rectangle and labeled 'aTile' with an arrow pointing to it. To the right of the grid, there is a circled number '40'. Above the grid, there is a bracket spanning several columns, with the text 'mmdx-y/44' written above it.

$\text{max}_{x \in [0,9]} \text{max}_x - x / 44 = 60$
 $0, 1, 2, 3, \dots, 8, 9$

0,1,2,3,...,8,9
